The Modern Styles.

Said Willie Jones to Tommy Smith,
"My goodness gracious me;
Our styles are simply going to
The Dickens, don't you see."

Said Tommy Smith to Willie Jones,
"That's what I like to see—
The more they to the Dickens go
The more it pleases me."

LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady
output of coal during the last few
years has made the dealers push for
wider markets. We are going to get
more trade—your trade—by giving
you a greater value for your money.
You will never get out of debt unless
you buy wisely.

SUCCESSFUL AND DELIGHTFUL RECITAL.

Miss Louella Greenlee gave a success-
ful piano recital last evening at the Bap-
tist Church. It is certainly encourag-
ing to such an ambitious young girl to
know she has made such a good begin-
ning and that she has every reason to
look forward to even higher achieve-

DEATH OF "LITTLE NELL"

"Little Nell" is dead. Mrs. H. L.

Tice, who was born in the Old Curiosity
Shop in London in 1827 and was the
original of one of the sweetest char-
acters portrayed by Charles Dickens,
is dead in London. The description
of the death of "Little Nell", as writ-
ten by Dickens many years ago became
one of the classics of literature. Thou-
sands wept over it.

A TIMELY BARGAIN!

25c CORSET COVERS FOR 19c

Just as warm weather approaches with its need for
extra Corset Covers, what could be more opportune than
this bargain? There is nothing the matter with these
pretty covers—simply a lucky purchase brought them to
us at a lowered price and we share with you. The ma-
terial is excellent nainsook, embroidered edge around
sleeves and ribbon run brading and embroidery trim the
neck. All sizes from 36 to 42 to start with, but the lot is
not large and sizes will soon be broken so act promptly.

INLAIN LINOLEUM.

This excellent floor covering has become so famous be-
cause of its many advantages, nearly every housekeeper
is familiar with it. The manufacturer is making it more
attractive each year. The color combinations are beauti-
ful. The colors go through to the back and as long as

there is wearing surface the pattern remains distinct.
We have various grades, selling at \$1.25, \$1.40, \$1.50 a
square yard.

VUDOR SHADES.

The only really satisfactory shades are the Vudor, for
they throw the porch into cool, mellow shadow, without
making it too dark for practical use, excluding the sun's
scorching beams, and at the same time permitting perfect
circulation of the summer breeze.

Vudor Porch Shades are used on over 100,000 homes
in the United States. Their extremely moderate price
places them within the reach of all.

They should be on your porch.

Prices \$2.75 to \$5.75—according to size.

A city that is dirty physically, cannot be clean morally, says the Chicago Record Herald. A city that is dirty morally, is dirty politically and every other way.

The omnibus pension bill was passed by the House Thursday. It carries appropriation for \$169,150,000. The pension system was defended by Representative Langley, of Kentucky.

Seth Low, former Mayor of New York, was elected President of the New York Chamber of Commerce, the office held by his father 50 years ago. It was the first instance of a son following his father as head of the chamber. Abiel Abbott Low served as President from 1863 to 1867.

BECKHAM HAS AN EASY LEAD FOR NOMINATION.

It is just 12 weeks until the state primary election at which, on August 1, the United States senatorial nominations will be made, and this far in advance of the day it seems certain that former Governor J. C. W. Beckham, in keeping with the forecast given in this column last December as the result of a canvass of the counties by letter, will be the choice of the Democratic party. Congressman A. O. Stanley and Governor James B. McCreary will, of course, not agree with this statement, for they both maintain that their races are in satisfactory shape, and each professes belief that he will win. But as long as they both continue in the race there is no chance for either of them to beat Beckham, unless there should come unexpectedly some powerful force of reversion, and there would now be small chance of either winning with the other out of the way. Sentiment for Beckham is crystallizing and the supporters of both Stanley and McCreary are feeling it and deploring it, but they appear powerless to stop it. About two out of every three men one meets will say that Beckham is a certainty to win the nomination, though many at the same time declare that they do not intend to vote for him.—Cromwell's Lexington letter in Sunday's Enquirer.

HOW TO MEET THE HIGH COST OF LIVING.

The Democratic Congress, confronted by the fact that the tariff reductions have not affected the high cost of living, has undertaken to solve the problem of making outgo and income more nearly balance. The method adopted is so simple it is surprising that it was not adopted earlier. When the tariff bill was before Congress months were spent in futile discussion of rates and schedules in the hope that the reduction in necessities of life might reduce the cost of living. But we all know how lamentably that plan failed. Now Congress tackles the problem in a new way and has raised the salary of the clerks to the Representatives \$300 a year, so that when the Senate approves, as it will do under the rules of official courtesy, the problem of the high cost of living will have disappeared so far as the beneficiaries of this measure are concerned.

All that is now needed is for Congress to make similar appropriations for the relief of every one else. What better use could be made of the money of the people than to take the fear of want from the honest workingman? The wealth of the nation belongs to the producers of it and the best agent for distributing it is, of course, the great representative law-making body. The \$2 a day laborer must have \$2.25, the \$4 a day mechanic ought to receive \$5, the street car conductors should be allowed to pocket every fifth nickel and divide every night with the motorman to save the time of Congress in taking care of this group of wage earners. But it is not necessary to go into further details. Every man is the best judge of what he ought to get, and when the plan is in full working order, can be trusted to make his wishes known to his Congressman.—Philadelphia Public Ledger.

President Wilson refused to cut wine from the naval mess list. No grape juice sea dogs for Woodrow.

Running a street carnival is a precarious calling, but when the weather man conspires against the carnival man, it is tough indeed.—Winchester Sun.

THE FIRST STEP.

The loss in net earnings of 478 railroads for February, 1914, was \$19,895,047, as compared with February a year ago. It was the most severe loss we have ever known. It was due largely to a falling off in the transportation of American products because of the lack of demand, and this after five months of the Democratic Free-Trade Tariff, the "first step" toward a complete abolishment of Protection. Shall we take another step or retrace the last?

WHAT IS WAR?

General Sherman is the author of the statement, "War is Hell." Recently we have noticed the modification, "This war is hell." So it is. Our President denies with much emphasis that we are at war with Mexico. He says there will be no war—we are friends of the Mexican people.

In contradistinction the newspapers report that we have taken Vera Cruz; that seventeen of our marines and 195 Mexicans were killed in the engagement. It is further reported that O'Shaughnessy has been given his passports and that the Mexican Minister here has been given his—acts heretofore considered to mark an end to peace. Truly, "this war is hell."—Pinnacle News.

THE RICH RICHER, THE POOR POORER.

Henry Higginson, a Boston banker, foretells not prosperity for the millions as the result of the policies of the present administration, but prosperity for the millionaires. He declares that people of small means are being driven into selling securities at far less than the real value and that the rich are buying them. His idea is that, instead of inducing general prosperity, the policy of the Democratic Government is operating in a way to make the rich richer and the poor poorer.—Yonkers Statesman.

Two classes of people profit by business depression, hard times and falling values: The millionaires with the big bank balances and the pawnbrokers. The greatly rich are able to take advantage of low prices, whether of stocks, bonds or real estate. They buy at the bottom, buy for the rise that never fails to come when Protection prosperity returns. The pawnbroker reaps a golden harvest from the necessities of workmen who have lost their jobs because of Free-Trade. Mr. Higginson is right in saying that Free-Trade makes the rich richer and the poor poorer.—American Economist.

FOOLISH PHILOSOPHY.

Many a man who strives to emulate the busy bee only succeeds in getting stung.

Many a guilty man escapes because he is so small he goes through the net.

A girl will forgive you for thinking she has no brains if you only think she is pretty.

Every man should marry for love. Then he won't be so apt to be reminded by his wife of what he married her for.

NOT A KNOCKER.

A worker in one of the mission settlements was speaking to some water-front boys with reference to Roman history. He touched upon the doings of Nero, giving a vivid picture of the cruelty of the emperor. It seemed to the speaker that he had fixed the idea of injustice and wickedness in the minds of his hearers. Then he began to ask a few questions.

"Boys, what do you think of Nero?" Silence, broken only by an uneasy shifting of the lads in their seats.

"Well, Clancy," said the lecturer, making an individual appeal, "what do you think of Nero? Would you say he was a good man? Would you like to know him?" Clancy hesitated. Finally, after again being urged to reply, he did so in these words:

"Well, he never done nothin' to me."—Harper's Magazine.

All estimates of a bridegroom are based on his ability to maintain a wife in luxury.

One reason a man believes in a hell is that there are certain persons whom he wishes to see punished.

Kentucky and Louisville are well represented at the National Wholesale Liquor Dealers' Association, which opened its session in Washington.

Administration anti-trust bills were sharply criticised by representatives of leading railroads before the Senate Interstate Commerce Committee.

NEWSPAPER ADVERTISING.

Russell B. Whitman, advertising manager of the Hearst newspaper syndicate, says: "It is the bread, butter and meat of business getting. All other forms of publicity are the cake and dessert."

IS IT EASY TO BE GOOD?

If This Be So, Then Many Prefer to Do the Hard Things.

(From the Portsmouth Times.) Dr. Elliott says: "It is easy to be good." The doctor is a professor and that accounts for this statement. The world is full of professors on this very proposition. It is as natural to form the evil habits as it was for nature to place the worm in the chestnut burr. There is instilled in the youth a heaven of mischievousness that soon raises much devilment and the surrounding environment of suggestive shows, cigarettes, and other etcetera comes along in the natural course of his development and takes him by the arm and leads him along gilded paths that are luxuriantly fringed with nosebags and other beautiful flowers.

The boy goes along void of understanding and is cheered along the way. The route is made easy and the trend is as natural as the spring-time that has its seasons as regular as time. The turning point comes, and there is a struggle to shake off the old for the new, and it takes all the nerve backed by the grace of God to establish an equilibrium. As a writer says: "Worthless things are easy to get, but good things only with effort. Temptations line the pathway. The thoroughfare of rectitude is rough and rugged as well as fatiguing." Dr. Elliott knows this to be true, but the doctor is only like most of us simply a professor.

SCHOOLS AND COLLEGES.

The Altoona, Pa., High School serves lunches daily to 1,500 students at a cost of 7½-10 cents. There is a net profit each year of about \$400.

The teaching of home economics is now required by law in the elementary schools of Indiana, Iowa, Louisiana, Massachusetts, Montana, North Carolina, Oklahoma and Washington.

When six normal school professors at Fresno, Cal., found it was going to cost \$207 to install the new play apparatus of the normal school grounds they got together and did it themselves at a total cost of \$25.

A course in social service for parents has just been given at the National Kindergarten College, Chicago. Visiting nurses, playgrounds, juvenile courts, and social settlements were some of the topics treated.

A series of meetings for vocational discussion in the Abilene, Kansas, High School promises to develop into a Vocational Club. The boys of the school listen to representative men in different fields of work tell of the requirements and rewards of their particular kind of work.

In a "rapid-advancement class" in Boston, composed of the 36 brightest pupils of the 5th and 6th grades, and placed under the direction of one teacher from entrance to completion of course, the children finished all the work of the 6th, 7th and 8th grades in a year and a half. Only one hour a day was allowed these pupils for outside study.

Close observation of 600 school boys through a period of 7 years to discover the effects of the tobacco habit demonstrated to Supt. Davis, of Menominee, Mich., that the non-smokers averaged from 2 to 10 per cent higher in scholarship and were at still greater advantage in the athletics of the school. Idleness and poor conditions of home life were the almost invariable accompaniments of all cases of smoking and all cases of failure which he observed.

There are 100,000 students enrolled in professional schools in the United States this year, according to figures compiled by the U. S. Bureau of Education. Of these 85,102 are in endowed institutions; the remainder in institutions supported from public funds. The various professions are represented as follows: Theology, 10,965; law, 20,878; medicine, 17,238; dentistry, 8,015; pharmacy, 6,165; veterinary science, 2,324; nurse training, 34,417. FIRST DISTRICT SCHOOL IS BRILLIANTLY LIGHTED, THANKS TO THE WOMEN.

The lighting of the First District School is now an accomplished fact. The Parent-Teacher Association emboldened by the success of their February sale, decided to abandon the original cheap concept, install concealed wiring and a double circuit to ensure sufficient light. But an increase in the current means an increase in currency; and we have learned as did Darius Green with his flying machine—"In planning our wings for a loftier flight, the moral is—to take care how to light!" Since the Charge to our Light Brigade has been somewhat in excess of our resources we are planning an ice cream and strawberry supper to be given at the school on an evening in late May. Please come and enjoy our food and see for ourselves "how for our little candle throws its beams, and thus do a good deed to a naughty world."

CHAIRMAN PUBLICITY COM.

FORD AND EDISON TO WAR ON CIGARETTES

Great Inventor's Warning Will Be In Factory of Famous Auto Maker.

Detroit.—Henry Ford, the automobile manufacturer, has joined the anti-cigarette army and will help to curb the habit, especially among young boys.

When Mr. Ford was in Port Myer, Fla., recently on his southern trip with Thomas A. Edison, a discussion arose between the two concerning the evils of cigarette smoking.

When the inventor returned to his laboratory in Orange, N. J., he wrote a letter on the matter to Mr. Ford. Copies of it will be framed at Mr. Ford's expense, and if School Superintendent Chadsey agrees they will be hung in all Detroit public schools.

The letter follows:

"Friend Ford: The injurious agent in cigarettes comes principally from the burning paper wrapper. The substance thereby formed is called 'creosote.' It has a violent action on the nerve centers, producing degeneration of the cells of the brain, which is quite rapid among boys. Unlike most narcotics, this degeneration is permanent and uncontrollable. I employ no person who smokes cigarettes."

Mr. Ford's theory is that no statute that can be passed can prevent a boy from smoking if he wants to smoke, and most boys become addicted to the tobacco habit through smoking cigarettes.

AN AGED TERRAPIN.

(Mt. Olivet Advance.)

While at work on the farm of Thos. Hammond, the old Newman place in Zion neighborhood, Jas. Hammond found the terrapin on which was carved "S. N. Z. May '71." It was while he was living in that vicinity that the late Senr. N. Ziler did the carving on the date indicated.

MAYSVILLE GIRL HAS LEADING PART IN PLAY AT DAYTON.

(Dayton (Ohio) News.)

The play, "A Virginia Heroine," which was given with such marked success by the Philathea class of the Oak Street U. B. Church at the Steel high school recently, it is understood, is to be repeated at the Soldier's Home theater sometime in the near future by the same cast which appeared on the previous occasion.

One feature of the affair which adds to the peculiarity of its great success is that it was managed by a lass in her teens. Miss Ruth Boes, who has still another year to spend at Steele before she graduates, was the sole manager and director of the play. She also appeared as the character of Nora, sharing the major portion of the applause with Mabel Tolle, who represented "Topsy."

Miss Tolle is a well known Maysville girl and formerly sang as an added attraction at the Washington theater here.

Illinois Attorney General Favors Sex Law as Greater Moral Advancement Than Teaching Hygiene.

Aurora, Ill.—Segregation of girls and boys in high schools was advocated here by Attorney General P. J. Lucey, who said he was working for such a law and believed the legislature should pass it. "This would mean a far better step toward moral advancement than the teaching of sex hygiene in the schools," Mr. Lucey said.

PLANS INSPECTION

Of Beef Cattle Fed at Kentucky Experiment Station.

Lexington.—Director Kastle, of the Kentucky Experiment Station, has requested the beef cattle feeders of the State and all others interested in beef production to meet at the Kentucky Experiment Station, Monday, May 11, at 10 a. m., for the purpose of inspecting the steers which have been fed in an experiment during the winter and spring. Four lots of cattle have been fed by the station since January 4, different rations being given to each class.

REMOVE FILTH PILES

Means Much Later In Season—People Are Too Negligent.

One pile of garbage left undisturbed a few hours in the summer time will be a roosting place for flies that carry disease germs into scores of homes. A few disease germs properly placed by a dirty fly can cause illness which nets the doctor, the hospital and possibly the undertaker a big sum. And a few cents expended in the first place would have prevented the infection. Sanitation in experience all right; but sometimes a lot of people fail to realize it even when the argument is so expensive.

CLOVER IS CORNER STONE

Makes Possible Growing of All Crops On Ohio Farms.

"Clover is the corner stone of Ohio agriculture," says C. S. Wheeler, of the College of Agriculture, Ohio State University, in a new extension bulletin on "Clover." "The important position which this crop occupies increases the yield of succeeding crops. Corn, potatoes, and tobacco are sometimes referred to as 'money crops,' but they only half deserve the title since the source of their large yield may be traced to the clover which preceded them in the rotation and which is, after all, the real money-producing crop." The bulletin explains in a simple, yet convincing way why clover is such a valuable asset to the farmer.

JUDGE FOR YOURSELF

Which Is Better—Try An Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, A lame, weak, or aching one, Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from faraway places. It's different when the endorsement comes from home. Easy to prove local testimony.

Read this Maysville case: M. C. Chisholm, 317 E. Second St., Maysville, Ky., says: "There was a time when my kidneys were badly disordered and I was annoyed by many symptoms of kidney complaint. Doan's Kidney Pills, procured at Wood & Son's Drug Store, removed the trouble and my good health since then is evidence of their merit. I have seen many other cases where Doan's Kidney Pills have proven their worth. My former endorsement of this remedy still holds good." Price 50c, at all dealers. SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I. PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes: CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. J. ANKERMAN, c/o Rev. K. ANKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass. QUINCY, MASS.—"The doctor said that I had organic trouble he doctored me for a long time and I did not get any relief. I took Lydia E. Pinkham's Vegetable Compound and I found relief before I had the first bottle. I continued taking it all middle life and am now a strong, healthy and earn my own living."—Mrs. J. D. MAYO DEAD

Democratic National Committeeman and Kentucky Multi-millionaire Passed Away at the Waldorf-Astoria Yesterday Afternoon.

New York, May 11.—Colonel John C. Mayo, Democratic National Committeeman for Kentucky, died at the Waldorf-Astoria Hotel this afternoon after a long illness. Colonel Mayo was fifty years old and was known as "Kentucky's Wealthiest" citizen.

At his death he was surrounded by Mrs. Mayo, their two little children, John, thirteen, and Margaret, nine; by his aged father, T. J. Mayo; his sister, Mrs. Frederick Atkinson; his brother, Washington Mayo; Mr. A. Kincaid and John E. Buckingham, a close friend, all of Paintsville.

Mr. Mayo's body will leave here at 9:15 o'clock tomorrow morning for the Pennsylvania in a special car which will be attached to the C. & O. at Washington. The funeral most probably will be held at Paintsville Thursday morning.

Mr. Mayo was a member of the Southern Methodist Church. He belonged to no fraternal order.

John Caldwell Calhoun Mayo, the son of Mr. and Mrs. Thomas Jefferson Mayo, was born in Pike County September 16, 1864. While he was still a child his parents moved to Johns County.

Immense Holdings of Land.

Besides the immense holdings of Consolidated Coal Company in West Virginia, Maryland and Pennsylvania, its 100,000 acres in Pike and Lettler Counties and 30,000 acres in Johnson and Martin Counties, Mr. Mayo has a large interest in Elkhorn Fuel Coal Co., a \$30,000,000 corporation which owns 265,000 acres of land.

Every woman is beset by two problems. One of them is getting money to buy a hat, and the other is finding a hat that suits her.

If you wish to know who the martyrs really are, frequent the courts and listen to the speeches of the attorneys for the defense.

Nature is a pretty decent old cuss after all. Most of us would be in a fierce fix if all of our pimples appeared on our faces instead of our backs.

One reason why a woman likes to have a perfect useless \$49 aigrette on her hat is because she can always let out a whoop about the High Cost of Living.

EPWORTH LEAGUE OF THIRD STREET M. E. CHURCH TO CELEBRATE SILVER JUBILEE

The Silver Jubilee of the Epworth League will be celebrated by the Epworth League of the Third Street M. E. Church with special services the coming Sabbath, twenty-five years ago Friday the 15th the Epworth League was organized in Cleveland, Ohio. The League has been a great force in molding the young life of the church during these years. Many churches wonder how they could do without such a society. The chapter in Third Street Church has always been a mighty factor in the church's activities. The League will observe the 15th, Friday, with a big social with music, the election of officers, and many entertaining features.

On Sunday Dr. E. C. Wareing, Associate Editor of the Western Christian Advocate at Cincinnati, will be the preacher of the day. He will address "Sunday School, will preach at 10 and will deliver the Anniversary

MAYSVILLE AND MASON COUNTY PUBLIC LIBRARY

Will Hold An Advertising Fair and Sample Sale on Friday Afternoon May 15th—Some Liberal Contributors.

The ladies of the Maysville and Mason County Public Library propose to give an Advertising Fair and Sample Sale, to secure funds for the improvement of the Library.

Our plan is to solicit from manufacturers and merchants articles to be donated for advertising purposes; such donations to be displayed, advertised and demonstrated for several days prior to the sale by our popular young ladies.

The sale will be made a POPULAR SOCIAL EVENT and the articles posed off by auction, which will insure an excellent display and advertisement of each and every article donated.

The sale will take place about May 15th at 1 o'clock in the afternoon.

Any article, no matter how small that you may donate to this worthy cause will be received and appreciated and its merits advertised to the best possible advantage.

Maysville and suburbs have a population of about 10,000.

Please let us know as early as possible if you will co-operate with us in this affair for our mutual benefit, and if you do, send with the donation what ever advertising matter you wish distributed.
